

MAKING GREEN MEANINGFUL FOR YOUR BUSINESS.

United States Business Council for Sustainable Development

US BCSD Spring Meeting Sponsorship Opportunities

About the US BCSD

The US Business Council for Sustainable Development has been a leader in the sustainable development field for over 10 years by delivering value to its members through multi-industry projects that address sustainable development issues. Sustainable development is defined as development that meets the needs of the present without compromising the ability of future generations to meet their own needs. We demonstrate this principle through action-orientation member-driven projects.

Meeting Reach and Audience

The US BCSD Meets twice per year to provide our members with opportunities to network and collaborate on new and current projects and partnerships. Meetings also provide potential US BCSD members a chance to see the inner-workings of the Council and experience the benefits of US BCSD membership. Attendance will include 40-60 multi-industry business representatives and government/NGO partners of the US BCSD. Participation in the US BCSD meetings demonstrates leadership in sustainable development in the U.S. and abroad. A list of the US BCSD members is available at www.usbcsc.org.
